

Accredited as one of the best British
schools in the world

Early Years

BSB Early Years is where your child's love for learning will be brought to life. Our individually tailored experiences ignite the natural curiosity that's found in every child.

Welcome to our BSB family!

"My son's journey in Early Years is absolutely amazing! He comes home with new knowledge every day! He is a happy and proud learner. Thanks to such wonderful teachers!"

Voice of Parent survey 2022

WE understand that selecting the best Early Years school for your child is incredibly important. Making that choice easy for you motivates everything we do.

Choosing BSB means choosing something beautiful for your loved one: the opportunity to belong to a caring, international community of curious learners.

It means offering them a safe, secure and stimulating environment for these important early steps in their lifelong journey.

And it means giving them access to a place where they can grow as a unique individual and learn actively about the world through playing, exploring, creating and thinking freely in their own way.

From the very first day at BSB, your child will feel at home. We've designed and purpose-built our enabling indoor and outdoor spaces to engage the imagination and inspire the delight of discovery.

We know that children learn best when they are happy, comfortable and confident. That's why we provide total care to ensure they love being here as much as we love having them here — as part of our family. It's our passion and our pleasure to prepare them for the wonderful years ahead.

The BSB Early Years Team.

"My daughter is really happy to go to school. I trust fully her teachers and know she is in the best hands. She has the chance to evolve in a stimulating and caring environment."

The Curiosity Approach®

At BSB, we embrace The Curiosity Approach® to early childhood. This pioneering philosophy, created in the UK by award-winning educators, promotes awe and wonder in learning.

By creating a culture of curiosity – led by joyfulness, play and fun – we inspire your child to explore the world in their own way. Igniting a passion for discovery in these early years creates the thinkers and doers of the future, with a lifelong love of learning.

**Be Curious,
Have Fun,
Make a Difference!**

Early MINDS

English

Natural learning, expert guidance. Your child will explore and play in a fully immersive English-language environment, led by highly qualified, native English-speaking teachers.

Languages

Our international learning community also supports the multilingual development of Spanish and Catalan.

Maths and literacy

Our specialist teachers ensure that your child develops key early learning skills in reading, writing and mathematics in a fun, age-appropriate way. Our programme is fully aligned with the Statutory English National Curriculum, Early Years Foundational Stage.

Love for learning

In our classes 1:10 adult to child ratio we get to know every child as an individual – how they learn best and what they love doing. This allows us to plan learning that truly motivates and inspires them.

Music

Early classes with our teachers open your child's mind to the wonders of creating and appreciating music.

Early CHARACTER

Diversity

Our school is a multicultural, plural and diverse environment with more than 50 nationalities represented. We encourage children to share their customs and respect those of others.

Nature

The BSB Forest School provides a connection with nature through outdoor activities that help develop new skills and abilities.

Nurture

Your loved one's emotional wellbeing is always our priority. We encourage empathy and we celebrate the unique achievements of every child.

"We are very happy with my daughter's brilliant teacher. He's a true inspiration to our daughter. Also, I find BSB has a lovely atmosphere, one always feels welcomed."

Early BODIES

Movement

Our physical education classes and environment promote expression, happiness and healthy development.

Nutrition

We have our own kitchen that produces delicious, nourishing local food based on organic ingredients.

Play

The stimulating spaces of our schools encourage collective play, games and socialising.

Early FAMILIES

Involvement

You'll play an active role in your child's school life and we invite you to come in and see their work once a week in our open classroom session. The BSB family is an extension of your family and our lines of communication are always open.

Awareness

You can track your child's progress from anywhere and at any time through our digital journal, which gives you up-to-the minute information, photos and videos, and allows you to add comments.

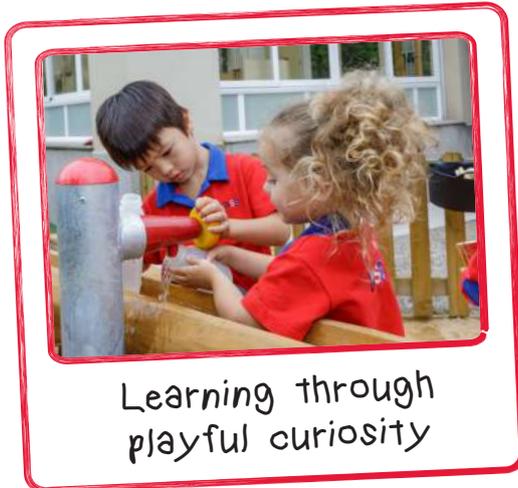

How we follow the natural rhythm of each child

Meet Our Early Years Team

Every member of the BSB Early Years team is a highly qualified specialist educator and a native speaker of English, who is passionate about the Early Years and honours the core values of love, care and respect.

Your Family, Your Schedule

Every family has different preschool needs, so our flexible Early Years programme is as individual as your child. You can choose the number of school days, tailor the timetable with extended care or stay-and-play time, and organise your week in the way that best suits you and your family.

We look forward to meeting you and your child!
